INTRODUCTION

Computer Science graduate and web developer with hands-on experience in building dynamic web applications using PHP, MySQL, JavaScript, HTML, and CSS. Experienced in developing full-stack projects, admin panels, and maintaining institutional websites during an internship at ORIC, UAF. Strong focus on backend development, database integration, and responsive UI design. Seeking a junior web developer role to contribute to real-world projects and further enhance software development expertise.

EDUCATION

Bachelor of Science in Computer Science (BS-CS)

2022 – 2026

University of Agriculture Faisalabad (UAF)

Relevant Coursework: Cloud Computing, Programming, Software Development

EXPERIENCE

Web Development Intern

2026 (3 Months)

ORIC — Office of Research, Innovation and Commercialization, UAF

- Developed and maintained the official ORIC website (oric.uaf.edu.pk) using **ASP.NET Web Forms**, contributing to a dynamic and structured web application.
- Designed responsive and user-friendly interfaces using **HTML5, CSS3, and Bootstrap**, ensuring optimal usability across desktop, tablet, and mobile devices.
- Collaborated with the ORIC technical team to implement new features, perform updates, and resolve technical issues.
- Ensured **cross-browser compatibility, responsiveness, and basic performance optimization** across all web pages.

PROJECTS
